LAP Lambert Academic Publishing Apr 2011, 2011. Taschenbuch. Book Condition: Neu. 220x150x5 mm. This item is printed on demand - Print on Demand Neuware - The Aged in the traditional Nigerian society were highly revered, respected and often seen as the custodian of knowledge. However, the influence of modernization introduced new institutions such as the churches, schools and the judiciary with responsibilities related to that of the aged thus replacing the roles of the aged and consequently their privileges. Thus, the aged has no significant roles to play in the modern society and the routine of waking up every day without doing anything depresses their state of mind, and reduced their social relevance in the society. It is recommended that government should adopt a national policy on the care, respect and the well-being of the aged by setting up institutions at the national, state and local government levels. 80 pp. Englisch.
