It was established in 1829. The cause is explained by reason of the method of confinement and the discipline of the system of punishment, which was original with that institution. It is the only one so governed in this country, while several prisons in Europe have adopted the plan, more or less modified. Positive, practical knowledge of the subject in its various phases is regarded as of some value. Theoretic and general observations, however well presented, often fail to impress the inquirers as effectively as the opinions which experience can best furnish. When the systems of convict punishment, and especially that known as The Individual Treatment, as applied in the Eastern State Penitentiary, are discussed and explained by competent authority, before those who are expected to be familiar with the questions involved, it necessarily has the merit of authoritative statement subjected to critical examination....
