Brand New Book ***** Print on Demand *****.Excerpt from Teachers and Parents Manual of Education: Being a Plan for an Uniform Course of Study This Manual is designed to supply what it is believed every teacher, as well as every observing parent, has long felt to be a great desideratum; viz., a guide to uniformity in the business of education, - a systematic plan by which certain and regular progress will be secured to the learner. The experience of nearly twenty years in the practical duties of an educator, should have qualified the author to appreciate this want. It is, in fact, a conviction of the vast benefits that would result, if a well-devised and uniform plan should be extensively adopted in our land, that has led me, not without many misgivings as to competency, to engage in the preparation of this educational course.
