Excerpt: .As late as 1836, when steam had been tried and was by no means a failure, famous scholars like Arago pronounced in dogmatic terms against it; and the idea that steam power should ever carry people, seemed so impossible that books were written to prove its impracticability. Rules are for routine men, not for genius. Napoleon's art of war set at naught the traditions. He took it up where Frederick the Great left it--and the world knows what followed. Imagine Roosevelt as an obscure man, but with all his latent aggressive forces. We will say that his name is Murphy, and he stands on a barrel at the curb stone and makes his impassioned speech, ending with the words, Come on But if a routine man tried it, the first policeman that came along would arrest him for speaking without a license! Q To Edison, the universe is aflame with purpose; he seeks truth out of the heart of old Mother Nature, not as a creed-clad sectarian, but with lofty mind, intuitive, positive, constructive, attacking no man's belief cynically, but plainly defining his own convictions, though the entire world be solidly arraigned against him. The Edison type of mind becomes thus a theme for an epic of final freedom for the race. There is a strange parallel between the conduct of his great mind and the part played by the whippers-in of Alexander the Great. AT we are telling you of...
