## NATURE WARS: THE INCREDIBLE STORY OF HOW WILDLIFE COMEBACKS TURNED BACKYARDS INTO BATTLEFIELDS

Crown, 2012. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "This is an excellent introduction to a "problem" that is often one of human perception." - Booklist , starred review "Jim Sterba employs humor and an eye for the absurd to document the sometimes bizarre conflicts that arise as a consequence of America's transformed relationship with nature. An eye-opening take on how romantic sentimentalism about nature can have destructive consequences." - Kirkus , starred review "Sterba provocatively and persuasively argues that just at the moment when humankind has distanced itself irrevocably from nature, its behavior patterns have put people in conflict with a natural world that they don't know how to deal with. A valuable counternarrative to the mainstream view of nature-human interaction." - Publisher's Weekly "In this elegant and compelling tour of America's mutating connections with its land and wildlife, Jim Sterba uses wit and insight to reveal new and unintended consequences of human sprawl and the ways in which they have shaped today's relationships with Nature." - John H Adams , Founding Director , Natural Resources Defense Council "It's a jungle out there - and we're living in it. Jim Sterba's Nature Wars is a smart, stylish and altogether provocative account of how we are confounded by that which we claim to hold so dear - Mother Nature and all her creatures moving in right next door." --Tom Brokaw " Jim Sterba describes a cockeyed country whose denizens spend billions to imitate "nature" in their own small domains, little realizing that their excess creates an environment to which other species are fatefully drawn in increasing, sometimes alarming numbers; that they themselves are the creatures who throw this shared habitat out of whack. An unusual feat of deep and sustained reporting, Nature Wars is full...
