

Comparative Anatomy, Vol. 1: Translated from the German, and Edited with Notes and Additions, Recording Thee Recent Progress of the Science (Classic Reprint) (Paperback)

By C Th V Siebold

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Comparative Anatomy, Vol. 1: Translated From the German, and Edited With Notes and Additions, Recording Thee Recent Progress of the Science In issuing an English translation of the Lehrbuch der vergleichenden Anatomie of Von Siebold and Stannius, any formal account of the work is quite unnecessary. To all Anatomists it is a treatise already well and favorably known, and it has justly been regarded as the most complete and comprehensive work of its kind now extant in any language. The high position and distinguished reputation of its authors have been fully sustained by this portion of their labors. But there are several features in this work which should be mentioned, since by them it is favorably distinguished from all other treatises of the kind that have preceded it. In the text will be found a lucid yet succinct exposition of the anatomical structure of organs, arranged as far as practicable under distinct types. The details on which this typical summary is based, are comprised in notes which are as remarkable for their erudition as for...

Reviews

This book is definitely worth acquiring. I have go through and so i am certain that i will likely to read through again again in the future. Its been printed in an exceptionally basic way in fact it is only after i finished reading this publication in which actually altered me, change the way in my opinion.

-- Andres Bashirian

Comprehensive guide for publication fanatics. This really is for all who statte there had not been a well worth reading through. I discovered this ebook from my dad and i encouraged this book to find out.

-- Lacy Goldner
