Milkweed Editions, United States, 2005. Paperback. Book Condition: New. 185 x 132 mm. Language: English . Brand New Book. Bird Songs of the Mesozoic, David Brendan Hopes latest book, brings together the many thoughts that converge and bloom in his mind as he walks and treks through the nearby wild. Hopes delves into the wild world that exists only steps away from our highways and porches, bringing with him the influences of culture, personal history, ecology, and evolution. Moving from the red roses in his backyard to a stroll through the forest with a Wicca, from the Pleistocene era to Blake to memories of sci-fi novels he read as a boy, Hopes reminds us that most people enjoy the wild through an eclectic mix of experiences and impulses - and that, ultimately, nature finds us where we are.
