University of Vermont Press. Paperback. Book Condition: new. BRAND NEW, Discovering Black Vermont: African American Farmers in Hinesburgh, 1790-1890, Elise A. Guyette, An impressive work of historical recovery, Discovering Black Vermont tells the story of three generations of free blacks trying to build a life and community in northern Vermont in the years following statehood. By piecing together fragments of the history of free blacks in Vermont-tax and estate records, journals, diaries, and the like-the author recovers what is essentially a lost world, establishing a framework for using primary sources to document a forgotten past. The book is an invaluable resource for those conducting local history research and will serve as inspiration for high school and college students and their teachers.
